# Your kid is in good hands.

Talata is a growing club of over **80 players** on Østerbro, coached the modern way: **real games, real decisions, real joy**. We do not put children in lines and lecture them. We design games that teach, and we let players discover the answers.

## Our three values

### Joy

Kids come back because it is fun. Everything starts there.

### Excellence

Full effort, full attention, full presence, at every age and level.

### Respect

For teammates, opponents, referees, coaches and the game. Respect for all.

## Body and mind

Strength and movement work is built into every Academy evening. Mental training, confidence, focus, knowing yourself, has always been part of how we coach, and we keep building on it.

## How far we have come

We started with **20 players** in August 2024, one team, Academy age only. Today we are over **80 players** across every age group, girls included, and still growing. Roughly **doubling every year**, about **4x in two years**. Two of our very first players, **Deyan** and **Johan**, are still training with us. That is the club your child is joining: still growing, still the same values.

**This is Season 3.** Talata means three, and our program has always run on threes: **Joy, Excellence, Respect**.

## The season in one paragraph

Training starts **Monday August 10**. August is our foundation month: conditioning, movement and fundamentals, taught through games. September builds team play, and the **first games land at the end of September**. From October we are in season through spring, with a January reset block, and we close the year in May and June with awards, player meetings and summer camps.

**One honest heads-up:** only some of our gym time is confirmed until early October, when Copenhagen reallocates hall time. If anything moves, you hear it from us in Holdspørt before anywhere else.

## Where your child fits.

**Addresses:** Strandvejsskolen, Sionsgade 1, 2100 København Ø · Svanemøllehallen, Østerbrogade 240, 2100 København Ø · Nørrebrohallen, Nørrebrogade 208, 2200 København N.

### What training looks like

- **Mini (5–8):** one hour of movement, ball handling and small games, twice a week. Fun first. No experience needed.
- **Junior (9–11):** real basketball foundations, twice a week: dribble, pass, finish, defend, always through games. The bridge into Academy.
- **Academy (12–18):** three real 2-hour court sessions a week (Mon, Thu, Fri), plus a Tuesday off-court day of lift, film and mental training. Wednesday is off, by design, for rest. Strength and movement are built into every court evening, and every team plays DBBF league games.
- **Men + Fitness (18+):** our competitive senior team and a recreational fitness group share the evening slots, Monday and Friday.

**Open Gym, included free:** Friday 16:00–18:00 at Bellahøj and Saturday 10:00–15:00 at Kulturhuset. Unlimited, optional and self-directed, no extra cost with membership.

### Holdsport is our one app

Schedule, sign-ups, game days, messages: everything lives in **Holdsport**. If it is not in Holdsport, it is not happening. You get the invite when your child joins.

## Payment completed, ready for August 3.

### Membership 2026/27

| PROGRAM                         | FEE                      |
|---------------------------------|--------------------------|
| Mini                            | 1.800 kr per half-season |
| Junior                          | 1.800 kr per half-season |
| Academy (12–18)                 | 3.300 kr per half-season |
| Talata København (recreational) | 2.000 kr per half-season |
| Men + Fitness (adults)          | 2.000 kr per half-season |

The first one is free. Your child's exact rate is confirmed at signup.

**Fees are down this year:** Academy 4,000→3,300 kr/half, Men 2,200→2,000. We have grown to over **80 players** (from 57 in May), and a bigger club means a fairer price.

### How payment works

- **One team, one fee.** Every player sits on exactly one membership team in Holdsport, and that team decides the fee. We are moving players to their correct 2026/27 teams now, so each family gets exactly **one** membership request. Nobody pays twice.
- **The request comes through Holdsport** (app + email). You pay it right there. No MobilePay, no bank transfer needed for membership.
- **Deadline: paid by Monday August 3.** League registrations, insurance and gym plans all run on memberships, so this one really matters.
- **Something looks wrong?** Two requests, or an amount that does not match this table: do not pay. Write the board at [bestyrelse@talatabasketball.dk](mailto:bestyrelse@talatabasketball.dk) and we fix it first.

**Jerseys: order now.** Order through the gear form at [forms.gle/7Ztt5X3sginquD5K7](https://forms.gle/7Ztt5X3sginquD5K7) as soon as possible; arrival date to follow. **Season kickoff meeting: Wed August 12, 18:30, Svanemøllehallen.** All parents and players should attend.

### Ready for August 3
